Issue 03 – Why is Population Increasing at Different Rates in Different Countries?

1. Population Pyramids:
    a. Define the term *dependency ratio*:
    b. Check the 2014 Population Data Sheet and provide the dependency ratio for the following countries:
        - Somalia
        - Kenya
        - Malaysia
        - Indonesia
        - Germany
        - United States
    c. What are the implications of a high or a low *dependency ratio*? Provide a specific example from one of the countries listed above.

2. What are the characteristics of a population pyramid that shows a population in - sketch the pyramid for
    a. Stage 2

male	female

    b. Stage 3

male	female

    c. Stage 4

male	female
